National Health Center Week
COMMUNITY HEALTH CENTERS:
Lighting the Way for Healthier Communities

National Health Center Week will take place from August 9-15, 2020. During that week, NEVHC will join health centers nationwide and celebrate how we are lighting the way for healthier communities. To commemorate this week, NEVHC will launch a virtual community health series for our patients and community members. The series will include cooking demonstrations that teach healthy eating, guidance on how to start an herb and vegetable garden at home, and discussions highlighting important topics in children's health led by NEVHC medical leaders. **Please join us in our celebration and support health education outreach for vulnerable populations by becoming a Sponsor today.**
